The Cameron University ELITE basketball camp is geared towards high level skill instruction and is designed for campers that take basketball seriously. This is not JUST a college prospect camp. It is also designed for quality high school players that are looking to improve their abilities and get an honest evaluation. We will take the each kid attending camp through the same drills that we take our team through. We will have a strong emphasis on going through various ways of scoring and general defensive principles. We will play 2 scrimmage games 1 each day!
